Beautiful in any Season

Imagine a European style house, nestled by one of four mystical ponds in the middle of 38 acres in the hills above Spencertown, designed by a noted New York designer and featured in House & Garden Magazine. Wander through mown paths lined by garden structures to the large gazebo with a terrace and boat dock on the large pond edged with yellow iris. A classical temple located on another pond is perfect for entertaining or simply lounging on its porch overlooking your own enchanting forest. Offered at \$1,675,000.
